NTU President

Re: Covid 19 and returning to Campus

Please be advised that if an Navajo Technical University (NTU) Faculty, Staff or Student travels abroad during the NTU Spring Break 2020, they will be required to either self-quarantine for fourteen (14) days or be tested negative for Covid 19 in order to return to the NTU campus to work, teach or go to school.

It will be up to the NTU employee or student to provide proof of negative test results for Covid 19 or adequate proof that they have self quarantined before returning to campus or site when it reopens.

If you have any questions, please refer to the Covid 19 updates on the NTU website for any further instructions.

Thank you.
